Plate I: Geomorphological Map of Syria
Compiled by K. Mirzayev from the data obtained by the Soviet geologists of V/O Technoexport (Contract No. 944). This map, dated 1963, was printed in the USSR in 1964. The printed copies were sent to Syria, and several decades later could not be located. This personal copy of V. A. Krasheninnikov has been scanned and is reproduced above.
PLATE III: Structural Map of Syria by Vladimir G. Kazmin (Volume I, Fig. 8.2, p. 466).

Structural Map of Syria at a scale of 1:1,000,000. Using Global Mapper® (ver. 6.08) the map has been georeferenced (Mercator projection, Pulkovo 1942 datum), and then 'texturized' with the 90 m topography of Syria and area from the Shuttle Radar Topographic Mission.
